Family Cover

ACCIDENT SCHEME

Holmwoods have specialised in providing personal accident insurance for school children for many years. At the last count we were providing cover for over 650,000 children in schools throughout the country.

With the full approval and backing from the National Confederation of Parent Teacher Associations, our scheme has been considered the best value for money available. Accidents are just as prone to happen in the home and at work as they are at school, for this reason we've extended the same unique range of benefits to cover the whole family.

If you'd like to know more about a Scheme that provides cover for up to £200,000, 24 hours a day, world-wide, please call freephone 0800 318312 or, write to us at:

The Performers

King Pleasure and the Biscuit Boys

Some time in the early 80s a group of schoolfriends sat in a coffee bar in Walsall, planning the rhythm and blues band they were going to form. They chose their instruments and then set about learning to play them. Today the band they formed is one of the most popular jazz acts in Britain, with regular sell-out weeks at Birmingham's Ronnie Scott's behind them and five big-selling albums on release.

King Pleasure and the Biscuit Boys are a difficult band to sum up, but *Now Dig This* did a pretty fair job: "Superb, a stunning range of instrumental ability.... classy stuff in the style of Louis Jordan and Eddie Cleanhead Vinson, with nowt taken out!"

Line-up

King Pleasure vocals/tenor sax P Popps Martin alto/baritone sax
Big Mart Winning tenor sax Bullmoose K Shirley guitar
Ivory Dan McCormack piano Slap Happy double bass
Bam-Bam Beresford drums

"Behind the fun and rollicking good times lies an outfit skilled enough to get four horns to come on with the bite and precision of the Basie band."
