

## THAT CARNIVAL SPIRIT

Whatever the weather, the eighteenth Oundle International Festival aims to brighten your summer with a vibrant programme.

The Orchestra of St John's with violinist Tasmin Little brings the sunshine of Italy in Mendelssohn's Violin Concerto, whilst sensational prize-winning young pianist Sergei Salov includes in his virtuoso programme Stravinsky's Petrushka, with its intoxicating evocation of Russian Mardi-Gras festivities. The Gonzaga Band's Venetian Carnival offers you the chance to enjoy the baroque cornett and sackbut combined with the soprano voice.

Cardinall's Musick seeks to revive the inspiring sounds that echoed through Fotheringhay's once-enormous collegiate church prior to the Reformation: Falcon and Fetterlock combines narrative with recently discovered music written by Fotheringhay composers to paint a vivid picture of the life and times of King Richard III, born in Fotheringhay Castle in 1452.

Celebrity organ recitals given by tutors on Oundle's International Summer School for Young Organists include all the organ works of Maurice Duruflé (b.1902).

Jazz@Oundle extends the coverage we have given to this medium in previous years, whilst Illyria theatre company makes a welcome return. Dillie Keane, fresh from major successes on the West End stage should draw a crowd for her risqué and entertaining cabaret Back with You, whilst The Cotton Club Orchestra provides the ideal backdrop for you to dance the night away, under the stars.

So join us in Oundle come July; a warm welcome awaits.

James Parsons
