making wealth preservation easier

Whether you've earned it, inherited it, or made shrewd investments – you don't want to pay more tax on it than you have to.

If you have assets worth more than £285,000 including your home then potentially you have an Inheritance Tax problem. Up to £114,000 can often be saved by couples with substantial assets simply by having appropriately drafted Wills. For individual advice on tax effective Wills and Trusts call Duncan Jackson in Peterborough, Paddy Appleton at the Stamford office and Stephen Duffy in Whittlesey.
